

# Week 2 Writing Task

Year 1 and Year 2  
'Sensational Summer'

## Monday:

When the weather starts to warm up, we know it must be summer! Hooray! Spending more time exploring the new colours outdoors, splashing in the paddling pool, eating ice cream and building sandcastles are all part of summer time.

What can you see in this summer collage? Stick this picture in your book and add labels around the outside. Can you use exciting verbs and adjectives? One has been done for you.

exploring  
vibrant  
colours in  
the garden

**Tuesday:**

Use your labels from yesterday to write about half a page in your books to answer this question-

## What do you like about summer?

You may wish to use the Y1 or Y2 writing frame on the next slide to help you but you do not have to.

Read my example first and see if you can point to these things in my writing:

- Capital letters
- Full stops
- Exclamation mark
- Conjunctions (because, whilst, when, so, as, if)
- Exciting verbs
- Noun phrases (adjective and noun together)
- (Y2) Commas in a list
- (Y2) Adverbs

Now try to include these in your writing.

I know the summer has arrived when the sun is shining brightly in the sky and the trees around us are full with fresh green leaves. Summer is my favourite month because I love spending time outdoors whilst exploring all the colourful, vibrant flowers that have grown in my garden. I also enjoy spending time with my family at the beach when we go to St Ives. After we have built tall sandcastles, we like to go in the sea if it is warm enough. However my favourite thing about summer has to be devouring ice cream. What a treat it is to enjoy delicious ice cream in the sun!

## Writing frame (optional)

I know that summer has arrived when.....

and ..... . Summer is a time when I

enjoy..... . I also like to .....

because..... . However, my favourite thing

about summer is .....
