In order to explore mount Everest fully I have chosen two hotels

1. Panorama Lodge and restaurant. Nice food and beds that heat up.

2. Everest hotel. It is AMAZING because it has comfy beds, delicious food and it is on Mount Everest.

I have also chosen an activity to do it is called:

From Kathmandu: durbar full day tour. It is a sandy place, it has statues to look at, it looks like a temple and it is sort of warm.
