

Spellings for week commencing 15/6/20

Please learn and practise your spellings. 10-15 minutes a day is a great way to help them stay in your head!

Look up any words you do not know the meaning of. Write a sentence for each word, using it in context. If you can include our word of the week in one of your sentences that's even better!

Towards the end of the week, ask an adult or older brother/sister to test you. For each word, ask them to say the word, say it in a sentence (they could use the sentences you wrote), and then say the word one last time.

You know which spelling group you are in, but feel free to learn some words from the other group too!
