

Funny faces – Cutting out eyes, noses and mouths from old magazines and sticking them on to create faces is a simple but very humorous activity, with plenty of opportunity for discussion and jokes! KUW, Imagination and expressive art, Physical development.

Mud pie Kitchen – You don't need an elaborate kitchen to make mud pies. A cupcake tray lined with cupcake cases to serve. Gather ingredients from around you. Twigs make great teaspoons, stones can be biscuits or sugar lumps, while buttercups and daisies make lovely cake sprinkles.

You could even add prices and use money to practise your adding of totals and subtraction for change.
KUW, CLL, Maths.

Outdoor Planning Summer Week 3

Bug Toss – Begin by making circular bug discs from cardboard. Place the target box on the ground. One team has bees and the other has ladybirds. Use a stick to mark where to throw from (start near and gradually move back). Players take turns to see how many bugs they can toss into the box.

CLL, KUW, Maths

Balloon tennis – simple but great fun. You can add a few grains of rice or a little water to the balloon before you inflate it to make the balloons more unpredictable!

Physical development, PSE.
