

Outdoor performances – Who doesn't like a bit of singing and dancing? Create an outdoor (or indoor stage for performances of your child's choosing.

Expressive art and design, imagination.

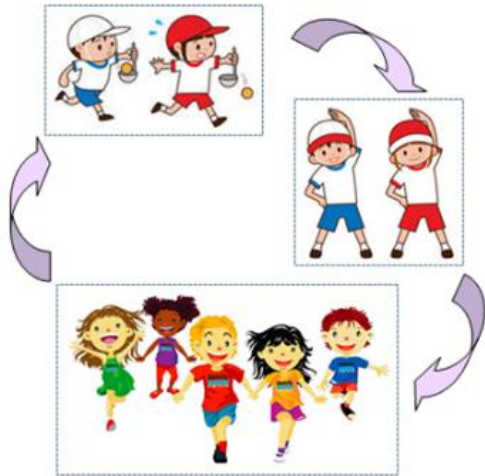

Create your own nature exhibit – make your own specimen box (or you could use an ice cube tray) and let your child create their own nature exhibit and tell you all about their collection. KUW.

Outdoor Planning Summer Week 5

Sports Day Practise

Grow a beach garden

garden gloves, trowel, shallow plant container, gravel, potting compost, small plants* and decoration, sand and spoon, watering can

Put a thin layer of gravel in a plant container.

Cover the gravel with lots of compost.

I think that's enough compost.

Put the plants in the holes. Press around them.

Spoon on some sand and add a few shells.

Choose some plants for your beach garden and dig holes for them.

*Choose plants such as succulents or grasses.
